Schling's Appreciation Border for 1941

The five famous Tulips pictured on this page constitute our selection of tried and true varieties for 1941. The greater experience that we acquire in the bulb business, the more we realize that the tried and true favorites are the most satisfactory and are the varieties that are in greatest demand. The reason for this is obvious. Tried and true varieties always render greatest satisfaction.

With Apologies to None

LAST year a new and great American industry emerged from its adolescence and attained maturity. We refer to the American bulb growing industry and we are proud to relate that our firm was one of the very few that pinned all of its hopes on the pioneer bulb growers who had the courage and foresight to create this new American industry.

The over-running of the Netherlands last year cut off 90% of the supply of Tulips and various other bulbs. When the shock of this invasion was brought home to Tulip lovers in this country, doubts were expressed in many quarters that there would be any more of these bulbs.

Through advertising and other means we made every effort to apprise the public of the fact that there were Tulips to be had, that they were American grown and that they were equal to and even superior to Dutch-grown bulbs. We sold tremendous quantities of these American-grown Tulips and the results were nothing short of spectacular. We have received more testimonials of commendation this season than in any previous bulb season.

We are proud and happy to make this report for it means that our clients can depend upon receiving high quality bulbs as usual. Their spring gardens can be as beautiful as ever and our firm can enjoy a normal fall bulb business.

We, Max Schling Seedsmen, Inc., give no warranty, expressed or implied, as to the quality, productiveness or purity in regard to variety of any of our seeds and bulbs, and we will not in any way be responsible for the crop. All of our seeds and bulbs are sold under these conditions and if not acceptable to the buyer, goods should be returned within five days after receipt of merchandise.

We are in no way bound to supply any merchandise which we offer and all stocks are sold subject to crop conditions, acts of war or acts of God. We reserve the right to change prices without notice and also reserve the right to withhold from sale any merchandise which we have offered subject to the above conditions.

CRAN-COVER — The Plant Blanket

Eminent horticulturists recommend the use of this splendid ground cover as protection for perennial, bulb and pansy beds. This cover allows for penetration of moisture, is free of weeds and can be stored for use another year. Price: \$4.00 per bale, f.o.b. New York.

MAJESTIC SPLENDOR PANSY PLANTS

Schling once again offers these well grown plants which can be planted safely until November 1st. Fall planted Pansy plants establish themselves better and insure the earliest and longest blooming season the following year.

For full information on Pansies, see page 19.

American-Grown TULIPS

The outstanding feature of American-grown Tulips is that they are earlier flowering than the Dutch or English. The plants are usually more vigorous, and because of their early flowering, they last considerably longer in the garden, for the fact that they bloom before the late hot May sun appears. It is our truthful opinion that they "beat the Dutch" Tulip bulbs. All Top Size Bulbs.

Three Beautiful Subjects to Plant with Tulips

MERTENSIA VIRGINICA

The lovely Virginian Cowslip or Bluebell that can be used as an edging for tulip beds or for planting between tulips. By themselves in a shaded location they are exquisite.

Dormant roots: \$2.50 per doz.; \$18.00 per 100.

PHLOX DIVARICATA LAPHAMI

A beautiful low growing May-flowering perennial, true clear blue. Used for the same purpose as Mertensia Virginica.

Strong roots: \$3.50 per doz.; \$26.00 per 100.

MYOSOTIS PALUSTRIS SEMPERFLORENS

A true hardy bright blue Forget-me-not.

Strong plants: \$3.50 per doz.; \$26.00 per 100.

Mertensia Virginia

PESTEX

A great discovery. This amazing rodent repellent in powder form if dusted over your bulbs before planting will positively repel all moles, field mice, squirrels and chipmunks.

Its reasonable cost allows for the treatment of your complete planting of bulbs. One pound is sufficient to treat 100 Tulip bulbs or more.

Price: 1 lb., 60c, postpaid. 10 lbs., \$4.75, postpaid.

Phlox Divaricata

Myosotis Palustris

BOTANICAL TULIPS

At the time we go to press it seems unlikely that we will have any Botanical Tulips to offer. We know that the lovely Clusiana and the impressive Red Emperor, to mention two of the finest, will be sorely missed, but there is a POSSIBILITY that we will have limited stocks to offer.

May we suggest that if any of these bulbs are required, upon receipt of inquiry we will advise just which of these lovely Tulips are available.

A good substitute for Botanical Tulips are the lovely Miniature Daffodils listed on page 10.

The exquisite border treatment of Tulips pictured above can be duplicated very easily in your own garden. The foreground effect can be achieved by using the following varieties of Tulips:

Clara Butt
Picotee or Rosabella
Princess Elizabeth
Prince of Orange
Rev. H. Ewbank

While not pictured here, an exquisite and outstanding effect can be obtained by planting *Mertensia Virginica*, the Virginia Cowslip, which is a brilliant, bright blue, around the edges of this border.

Dormant roots of *Mertensia Virginica*: \$2.50 per doz.; \$18.00 per 100.

Collection of Famous Exhibition Varieties

Max Schling presents with pride a famous collection for Daffodil and Narcissus fanciers and connoisseurs of fine flowers.

The following varieties of Daffodils and Narcissi represent selections that have made their mark, in that, they have received highest honors at the various flower shows held in the Netherlands in the past decade. They represent the results of years of skillful breeding by experts who have inherited their skill from generations of bulb breeders.

At the present time these varieties are just becoming available to the American public. American growers in the past five years have succeeded in building up stocks of these show varieties to the point that we are now able to offer them at reasonable prices.

All Daffodil and Narcissus lovers should by all means try at least one each of these outstanding varieties.

Actaea. The largest Poeticus in existence. Pure white perianth, cup broadly margined dark red. Beautiful exhibition flower. 75c each; \$8.25 per doz.

Beersheba. Truly a pure glistening white trumpet Daffodil of enormous size. A scintillating beauty. Specially priced at \$2.50 each; \$27.40 per doz.

Carlton. Magnificent size and vigorous grower. Pure golden yellow self color. \$1.00 each; \$11.25 per doz.

Daisy Schaffer. A giant Leedsii. Flowers 4½ inches across with a 2-inch trumpet. White perianth, lemon-yellow trumpet. 40c each; \$4.25 per doz.

Francisca Drake. One of the outstandingly beautiful Daffodils. Long, white petals of unusual size. Broad yellow cup, edged orange. 40c each; \$4.25 per doz.

Gertie Millar. Another of the famous giant Leedsii type. As large as the largest trumpet Daffodil. White perianth, pale primrose trumpet. 75c each; \$8.25 per doz.

Lady Diana Manners. Barrii type. Huge pure white with large red cup. 50c each; \$5.25 per doz.

Lovenest. A lovely star-shaped trumpet Daffodil. Pure white perianth, trumpet turning to exquisite apricot-pink. 85c each; \$9.25 per doz.

Mary Copeland. An outstanding double with three distinct color tones: white, yellow and orange in alternating petals. 70c each; \$7.25 per doz.

Special Connoisseur Collection

Mrs. R. O. Backhouse. Pure glistening white perianth with creamy pink trumpet. Every Daffodil lover should have at least one or more. \$2.00 each; \$22.00 per doz.

Orange Glow. An exhibition Incomparabilis. Deep golden yellow perianth, rich orange trumpet. \$1.00 each; \$11.00 per doz.

Red Cross. (Incomparabilis.) Famous exhibition variety. Rich yellow perianth, deep orange trumpet. 35 each; \$4.00 per doz.

Red Shadow. (Incomparabilis.) Perianth creamy white; cup dark yellow, orange-red margin. 80c each; \$9.00 per doz.

Texas. Tall, double yellow dispersed with orange. A true show variety. 35c each; \$3.75 per doz.

Tunis. A giant Incomparabilis type. Golden yellow, large orange trumpet. 80c each; \$9.00 per doz.

HYACINTHS

As we go to press it seems unlikely that we will have any Hyacinth bulbs to offer.

Last year we met the greatest part of our demands, sacrificing a good bit of our planting stock in order to do so.

Additional stocks seem hardly available, but we still hope to receive a small number of bulbs.

May we suggest, that if any Hyacinth bulbs are required, upon receipt of inquiry we will advise just which of the bulbs are available.

A good substitute for Hyacinths are Scilla Campanulata in all colors.

French White Roman Hyacinths are offered on page 14.

HARDY BULBOUS IRIS

SCHLING'S MULTIPLE-FLOWERING IRIS (Iris Ochroleuca). Last year we introduced for the first time this new gorgeous hardy garden Iris. Long spikes of Iris with two and three flowers open at one time. Offered in four colors: white, blue, yellow and lavender. \$3.00 per doz.; \$22.00 per 100.

DUTCH IRIS (AMERICAN-GROWN)

Neglected for many years as a garden subject, these beautiful hardy Iris should be more widely grown. They can be planted in clumps of 6 or more, or singly in rows for cutting purposes. These Iris are particularly prized by florists for forcing purposes.

(*) Best varieties for forcing.

Blue Horizon. Violet and sky-blue combination.

***Imperator.** Brilliant and lovely blue, orange lip.

Leonardo da Vinci. Wings light lavender, standards rich blue and gold. Lovely combination.

***Poggenbeek.** Early flowering dark blue.

***White Excelsior.** Pure glistening white, yellow lip.

***Yellow Queen.** Rich golden yellow throughout.

Mixed.

PRICE: 90c per doz.; \$7.00 per 100.

Iris Wedgewood. Light bright blue. The finest forcing Iris. Extremely early. Can be bloomed in the greenhouse as early as December and January. Moonlight. Light yellow Shelford Hybrid. \$2.50 each.

Rosalind. Deep pink Shelford Hybrid. \$2.50 each.

White Beauty. Pure white Shelford Hybrid. \$2.50 each.

Fritillaria

Meleagris (Guinea Hen Flower). Beautiful bell-like flowers in all colors. Splendid for shady locations in the rock garden and for naturalizing. Perfectly hardy. Bulbs very scarce. Mixed colors. \$1.50 per doz.; \$11.00 per 100.

Leucocrinum

Montanum (Colorado Sand Lily). A very rare Lily. Perfectly hardy. They bloom well in hot, sandy locations. The flowers are quite vigorous and very beautiful. \$3.00 per doz.; \$22.00 per 100.

Leucojum

Vernum (Spring Snowflakes). Attractive pure white flowers tipped green. Perfectly hardy. Will bloom first week in April. 90c per doz.; \$6.50 per 100.

Lycoris

Radiata (Spider Lily). Particularly adapted for planting south of Baltimore. Splendid and vigorous flowers will naturalize and multiply in a sunny climate and will be perfectly hardy in the North if planted in a protected location and covered each year. \$2.00 per doz.; \$13.50 per 100.

Squamigera (Magic Lily). Also known as Amaryllis Halli. The lovely Magic Lilies are perfectly hardy. Attractive foliage in the spring which dies off in July and is succeeded by clusters of lovely lavender Amaryllis flowers. Strong flowering bulbs, \$1.25 each; \$12.50 per doz.

Ornithogalum - Star of Bethlehem

Nutans. Lovely pearl-gray flowers formed in umbels. Each florette is edged green; making a lovely effect. Must be protected in northern locations. \$1.00 per doz.; \$7.50 per 100.

Umbellatum. Perfectly hardy; pure white. The star-shaped flowers, as illustrated on page 12, are indeed a true harbinger of spring. 90c per doz.; \$6.50 per 100.

Snowdrops

Scilla Campanulata

(Wood Hyacinth)

Due to the lack of Hyacinths, these splendid snow-breakers will be in particularly strong demand. Blue, white or pink. 90c per doz.; \$6.50 per 100.

Single Snowdrops

(Galanthus)

Nivalis. The earliest of all harbingers of spring, often blooming as early as February. 60c per doz.; \$4.50 per 100.

All Jumbo Bulbs.

Bletilla Hyacinthina

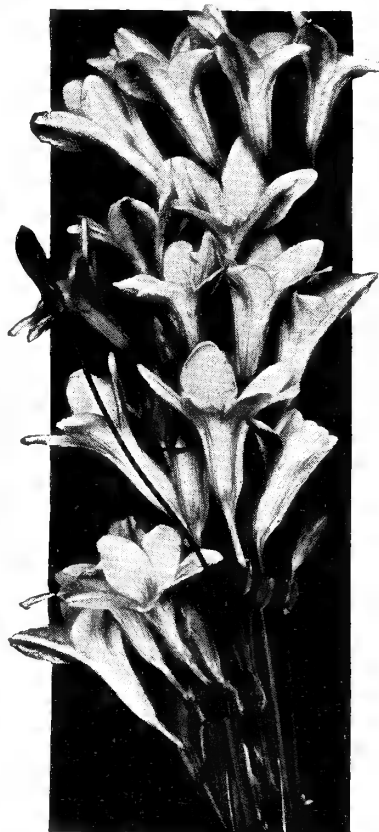

Excellent for forcing. See page 12.

Fancy-Leaved Caladiums

Specially prepared for home forcing.

Bulbs ready for delivery in October have been especially dug and treated for forcing so that fine plants of these gorgeous colored leaves will be available for Christmas. Grown easily in the home in Schling's Prepared Bulb Fiber or in regular soil. Price, 40c each; \$4.50 per doz.; \$34.00 per 100.

SCHLING'S BULB FIBER offered on page 19.

Freesias

Calla Lilies

These old favorites are still one of the most satisfactory bulbs for home culture.

White Calla (Z. aethiopica). Pure white. Jumbo bulbs only, 75c each; \$8.25 per doz.; \$58.00 per 100.

Golden Calla (Z. Elliottiana). Pure golden yellow Calla of easy culture. Plant December first for mid-winter bloom; plant February first for Easter bloom. Jumbo bulbs only, 75c each; \$8.25 per doz.; \$58.00 per 100.

Black Calla (Arum pictum). The most interesting oddity, creating no end of interest. \$1.00 each; \$11.00 per doz.

Pink Calla (Z. Rehmanni). A sensation at the International Flower Show. Easily grown as exquisite pot plants. \$1.00 each; \$11.00 per doz.

Baby White Calla. We have discontinued the sale of these bulbs due to unsatisfactory results obtained in the past few years.

Freesias

Queen of all scented blooms. Grow in a cool, bright location. Can be planted from September to November 15th.

(Glory-of-the-Sun)

SPECIALLY PREPARED BULBS

Gorgeous, fragrant blue flowers on graceful wiry stems. Cut flowers last ten days to two weeks. The CHOICE bulbs we offer will give 100% bloom. Same culture as Freesias. **Jumbo Bulbs.** \$1.75 per doz.; \$13.00 per 100.

Chinese Sacred Lilies

We have discontinued the sale of these due to unsatisfactory results in the past few years.

Veltheimia Viridifolia

Narcissus (Polyantha)

Paper-White Grandiflora. 100% American-grown. This splendid bulbous plant is as well known to the American public as apple pie. No home or apartment is complete without one or more bulbs of the beautiful white, star-shaped flowers in various stages of growth. All bulbs are jumbo size, especially grown for us and are sure to bloom. Jumbo bulbs only, \$1.00 per doz.; \$7.00 per 100; \$65.00 per 1000.

Grand Soleil d'Or. A golden Paper-White. \$2.00 per doz.; \$14.00 per 100.

Ornithogalum

(Star of Bethlehem)

Arabicum. A beautiful and impressive easy-to-grow bloom. Huge clusters of pure white, star-shaped flowers with black "shoe button" eyes on strong, graceful stems. Increasing in popularity. \$1.25 per doz.; \$9.00 per 100.

Aureum. Short clusters of bright orange blooms. Splendid for pots. \$1.50 per doz.; \$11.00 per 100.

Thyrsoides. Miniature form of Arabicum. \$1.00 per doz.; \$7.50 per 100.

Thyrsoides, Double. Like miniature clusters of Tuberose blooms. Flowers last for several weeks. \$1.25 per doz.; \$9.00 per 100.

Oxalis

HIRTA. Easily grown in the home. The lovely foliage resembles perfect giant four-leaf clovers, and flowers are a delicate pink. 65c per doz.; \$4.25 per 100.

Ranunculus

(Double Buttercups)

Beautiful for forcing or for outdoor planting. They are hardy as far north as Virginia, and with protection are hardy anywhere. For forcing they are best planted October 15th to December 1st.

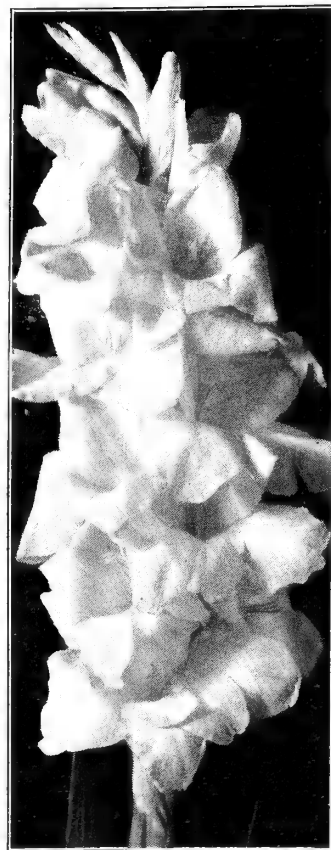

Giant Tecolote, Claremont and Palaflor Hybrids Mixed. Jumbo bulbs only, 75c per doz.; \$5.50 per 100.

Veltheimia - Cape Lilies

Viridifolia. These lovely Cape Lilies are distinctly a novelty of the highest order. The foliage forms a rosette of showy flashing green leaves. The flower stem is about 18 inches tall. Blooms are arranged in a spike effect. Each floret 1 1/2 inches long. The color is bright red. Forty or more of these showy flowers on a stem is not unusual. Easily forced. It is hardy as far north as Virginia. 65c each; \$7.00 per doz.

Watsonia

Due to the scarcity of Baby Gladioli, this lovely miniature relative of Gladioli can be grown in their stead. The mixture offers a wide range of satisfactory colors. Culture the same as Baby Gladioli. 75c per doz.; \$5.50 per 100.

*Denotes choicest types for forcing.

Reporting scarcities seems the thing to do this season. Under the heading of Lilies we might state that the exchange of economic sanctions between our government and Japan, precludes the possibility of our obtaining any Japanese grown Lilies this year.

The varieties affected are *Lilium Speciosum Album*, *Speciosum Rubrum* and *Auratum*. While there is still a possibility that some of the imported stock will be available, at the present time we cannot offer any for sale.

However, there will be a **limited** stock of **American grown** bulbs available, and we respectfully request that we be advised of your individual requirements. A prompt notification of availability and prices will be sent.

May we further suggest that more attention be given to the varieties that are available for they are all beautiful garden subjects.

***Lilium Regale.** Connoisseurs of fine garden subjects as well as those who appreciate honest to goodness garden value are well acquainted with this most satisfactory of all Lilies. Practically disease resistant. As hardy in Maine as in the Carolinas, Regale Lilies are truly a garden "must."

Strong flowering bulbs, 9 to 10 inch circumference, 6 to 8 blooms per bulb. 3 for \$1.25; \$4.50 per doz.; \$34.00 per 100.

Mammoth exhibition bulbs, 10 to 11 inch circumference, 8 to 12 blooms per bulb. 3 for \$1.55; \$5.50 per doz.; \$41.00 per 100.

Jumbo exhibition bulbs, 13 to 15 inch circumference, limited amounts, 20 to 25 blooms per bulb. 3 for \$2.60; \$9.00 per doz.

New and Rare Varieties of Lilies for the Connoisseur

T. A. Havemeyer. A cross of *Henryi* and *Sulphureum*. Received the Royal Horticultural Award of Merit in 1937. General form and size like *Lilium Auratum*. Color all over a rich nankeen-yellow. Blooms August 1st. \$5.00 each.

Barry Seedling. We offer bulbs grown from seeds selected from T. A. Havemeyer. Ranging in color from tawny yellow to lustrous cream. \$4.00 each.

***Lilium Crow's Hybrids.** Seedlings of *Lilium Regale* retaining all the vigor of the Regale Lily. Blooming later and presenting several interesting color variations. Extremely hardy. Plant 6 to 8 inches deep. \$1.25 each; \$13.50 per doz.

Lilium Rubellum. Graceful clusters of soft rose-pink. Trumpet Lilies. Borne several to a stem. Large bulbs for this variety offered. 60c each; \$6.40 per doz.

***Lilium Sulphureum.** Without doubt one of the most beautiful of all trumpet Lilies. Of perfect Easter Lily form. The trumpet-like flowers often measure 11 inches in length. The color is an exquisite pale lemon-yellow. Height 4 to 5 feet. Plant up to 12 inches deep. Excellent for greenhouse forcing. \$1.75 each; \$20.00 per doz.

Lilium Szovitzianum (Giant Caucasian Lily). Once again it is our privilege to present these graceful and rare Lilies. Stems 4 to 5 feet in height. Color pale yellow spotted deep purple. Plant 5 to 6 inches deep. Patience should be exercised in growing these Lilies for they may make little or no growth the first year. They will surely come through the following season. \$2.50 each; \$27.50 per doz.

Lilium Testaceum (Nankeen Lily). One of the most satisfactory garden Lilies. Similar in growth to the Madonna Lilies. The flowers are a delicate nankeen-yellow with lovely pale pink anthers. Delightfully fragrant. The bulbs should not be planted more than 3 to 4 inches deep. \$2.50 each; \$27.50 per doz.

Lilies for Greenhouse Forcing

We will be unable to supply imported *Lilium Giganteum* and *Lilium Erabu* this year. The varieties offered are the only true Easter Lilies for greenhouse growing that are available this year: **Lilium Harrisii** (Bermuda Lilies), 9-11 inch circumference, \$1.00 each; \$11.00 per doz.; \$90.00 per 100.

Lilium Creole (Louisiana grown *Giganteum* type), 8-9 inch circumference, \$1.00 each; \$11.00 per doz.; \$85.00 per 100.

Madonna Lilies (*Lilium Candidum*)

Last year we enjoyed the distinction of being one of the very few bulb firms that were able to provide *Lilium Candidum*. Inasmuch as we realize that no garden is complete without these beautiful chaste white June-blooming Lilies we have expended every effort to provide a fine strong stock of bulbs again this year. Best results are obtained from planting August 20th to November 1st, although later planting is also successful. Crown of bulbs should not be covered more than 2 inches.

Green Mountain Strain. Fine New England stock. strong bulbs. 75c each; \$7.50 per doz.; \$55.00 per 100.

Blue Mountain Strain. Hardy Pennsylvania mountain grown stock. 60c each; \$6.00 per doz.; \$44.00 per 100.

North Star Strain. \$4.00 per doz.; \$30.00 per 100.

Strong Naturalizing Bulbs. 18 centimeters and up. Most of these will bloom this year. The following year they will be equal to and superior to much higher priced bulbs. \$3.00 per doz.; \$22.50 per 100.

General List of Hardy Lilies

Auratum. Write for prices, if available.

Canadense. Bell-shaped yellow spotted black. 3 for \$1.05; \$3.50 per doz.; \$25.00 per 100.

Canadense Rubrum. Rich deep red form of above. Very fine. 3 for \$1.20; \$4.00 per doz.; \$25.00 per 100.

Hansonii. Substantial pendulous orange flowers with an exhilarating fragrance. Bloom in June. Height 4 to 5 feet. 3 for \$1.65; \$6.00 per doz.; \$42.50 per 100.

***Henryi.** Very hardy and vigorous orange and yellow. Flowers shaped like *Speciosum* Lilies. Bloom August and early September. American grown bulbs. 3 for \$1.40; \$5.00 per doz.; \$37.50 per 100.

***Pardalinum Sunset.** Pictured in color on page 23. A beautiful new Lily, blooming in June. Perfectly hardy. Plant 5 to 6 inches deep. 3 for \$1.25; \$4.25 per doz.; \$30.00 per 100.

***Philippinense Formosanum.** A perfectly hardy pure white Easter Lily with trumpets 10 inches long. August bloomer. 3 for \$1.25; \$4.25 per doz.; \$30.00 per 100.

Speciosum Album. A probable small supply of American grown bulbs only. Please write for prices and availability.

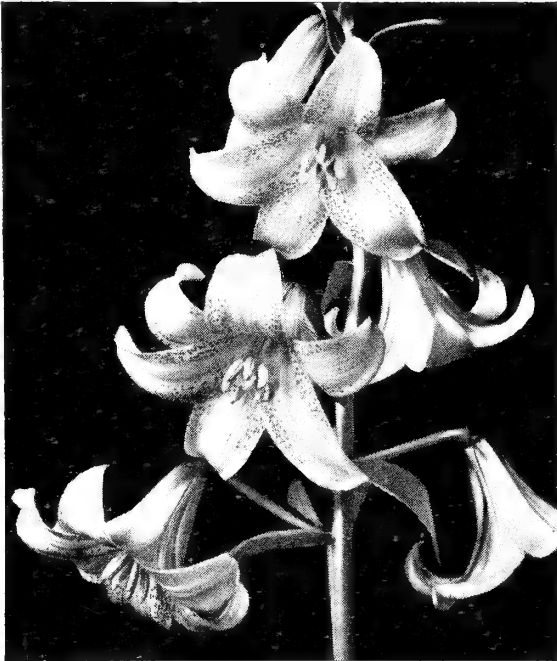

Speciosum Rubrum. Same condition prevails as with *Speciosum Album*.

Superbum (Turk's Cap Lily). Deep wine-red. Many graceful miniature trumpet Lilies borne gracefully on 12-inch spikes. 3 for \$1.05; \$3.50 per doz.; \$24.00 per 100.

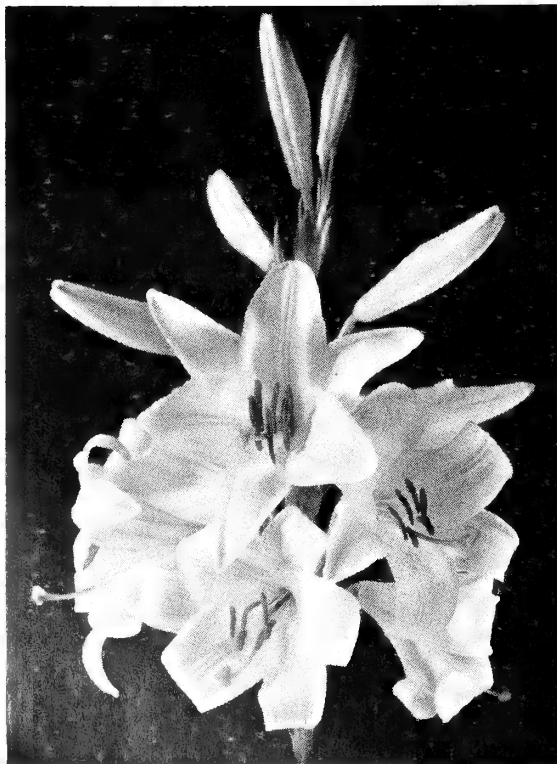

***Tenuifolium** (Coral Lily). Coral-red recurved Lily, gracefully spaced. Splendid for forcing. Perfectly hardy. 3 for 75c; \$2.50 per doz.; \$18.00 per 100.

***Tenuifolium, Golden Gleam.** Bright yellow form of above. Very choice. 3 for \$1.05; \$3.50 per doz.; \$24.00 per 100.

***Umbellatum Erectum.** Upright and erect clusters of rich tawny orange flowers. Blooming in early June. Very hardy and a splendid forcer. Prized as a commercial cut flower. 3 for \$1.25; \$4.25 per doz.; \$30.00 per 100.

Fall Sown Lawns are Best

Fall sowing of grass seed insures an established lawn for next season. These are the lawns that usually remain green through the hot and dry summer due to the fact that their root system has had a chance to develop through the cool days of autumn and early spring.

Schling's Maxima Grass Seed Mixtures

A grass seed mixture may be offered under any brand name. However, regardless of the name, the basis of all good grass seed mixtures must necessarily be the same. The important feature of a good mixture is that it contains heavy, plump seeds from selected grass stocks that have been grown for the distinct purpose of seed production. Careful blending plays its part in the compounding of a high class grass seed mixture. We have prided ourselves upon the super-quality of our grass seed mixtures which have established a reputation in the past 25 years.

Schling's Maxima Special Lawn Mixture. This mixture is especially designed for all ordinary lawn purposes. Weighing 32 pounds per bushel, its quality is sufficiently high to challenge the foremost brand mixtures offered by any seed house. Schling's Maxima Shady Nook Mixture. Years of successful usage have proved to us that our formula for this mixture is correct. This mixture will produce a rich, velvety greensward even in fairly dense shade. Lb., 80c; 2 lbs., \$1.50; 5 lbs., \$3.50; 10 lbs., \$6.50; 25 lbs., \$15.00; 100 lbs., \$55.00.

Cran-Cover

The plant blanket. Eminent horticulturists recommend the use of this splendid ground-cover as a protection for perennial, bulb and pansy beds. This cover allows for penetration of moisture, is free of weeds, and can be stored for use another year. \$4.00 per bale, f.o.b. shipping point.

Schling's Bulb Fiber

Especially prepared bulb fiber that has been improved by the addition of various essential minerals for the successful growing of bulbous flowers. This material enables one to plant bulbs in decorative bowls without drainage, thereby enhancing the beauty of the entire arrangement. It is treated to prevent stagnation and putrefying and never gives off an offensive odor. Such bulbs as Amaryllis, Roman Hyacinths, Paper-White Narcissi, Freesias, Calla Lilies; in fact, all bulbs that can be grown in the home thrive exceedingly well in this preparation. 25c per quart; 75c for 4 quarts; \$1.35 per peck.

Schling's Famous PANSY PLANTS

We are offering again, for fall planting, our sensational Majestic Splendor strain in strong, well-developed plants. These plants, from seeds sown this summer, have been especially grown and hardened. They may be set out in beds this fall, and thus have the advantage of spring-planted Pansy plants in that they are well developed with a strong root system by next spring and receive no check from transplanting at the time that they are intended to bloom.

We are certain that the satisfaction derived from a trial planting of these splendid plants will convert all Pansy enthusiasts to fall planting of these cheerful garden requisites.

We recommend that in the region of New York and farther north, protection be given them by either hilling the soil up to within an inch of the top of the plant, or else providing a protective mulch, such as **Cran-Cover**, salt-hay, or leaves.

Schling's Selected Peonies

It is a known fact that the only time to plant Peonies for really good results the first year is in the autumn. It is advisable to cover the top eye of these strong roots no more than two inches. Protection is rarely necessary, and, if used, should consist only of such covering as salt-hay or **Cran-Cover**.

"CLOUDS OF PRETTY DAFFODILS"

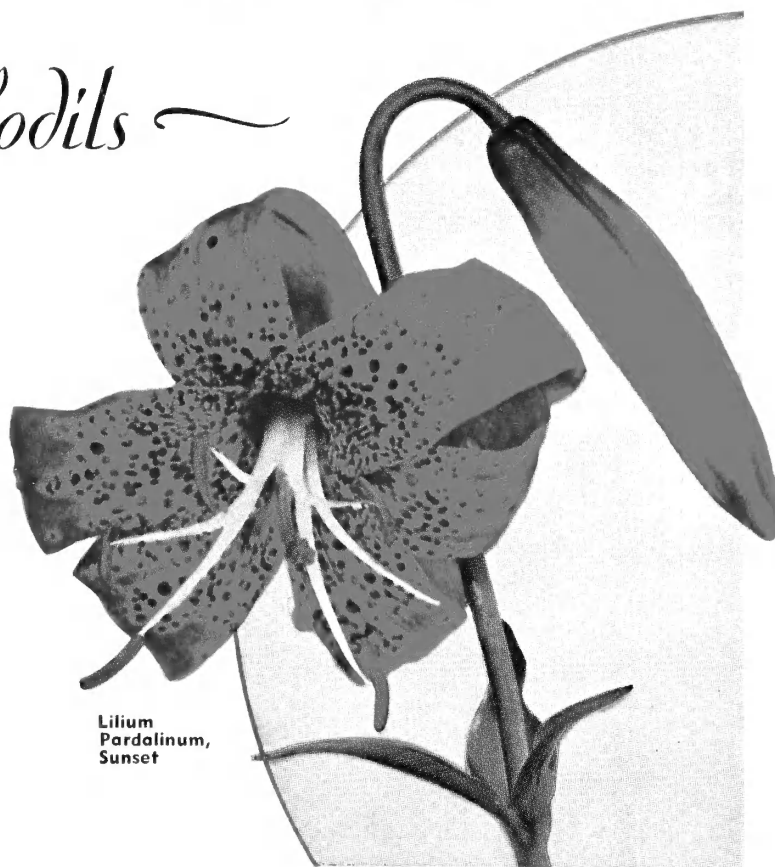

Clouds of Pretty Daffodils ~

The above illustration conveys just one of the beautiful settings for our famous Oregon Trail Narcissus Mixture for Naturalizing. This famous mixture represents a considerable improvement over our equally famous Old Dominion Mixture which we have offered for the past 25 years. It is made up of a special blend of Oregon-grown Narcissi and Daffodils, containing in its composition all of the airy short cup and short trumpet varieties as well as a liberal proportion of the majestic trumpets.

Planted under trees, under shrubbery, along banks of streams, in woodland dells, and in wide sweeps of meadow the Oregon Trail Mixture represents an **investment in beauty** for many years to come, inasmuch as the planting grows more beautiful with the passing of the years. \$4.95 per 100; \$46.50 per 1000; \$85.00 per 2000.
